The Meeting

The Meeting will be held at the TMX Broadcast and Conference Centre, 130 King Street West, Toronto, Ontario on May 3, 2017 at 9:00 a.m. (Toronto time) for the purposes set forth in the accompanying Notice of Meeting. The business of the Meeting will be: (i) to receive the Audited Financial Statements; (ii) to elect the directors; (iii) to appoint auditors and to authorize the directors to fix their remuneration; and (iv) to transact such further or other business as may properly come before the Meeting or any adjournment or postponement thereof.

As of the date of this Management Information Circular, the Directors are not aware of any changes to these items, and do not expect any other items to be brought forward at the Meeting. If there are changes or new items, your proxyholder can vote your Common Shares on these items as he or she sees fit.

Placement before Shareholders of Audited Financial Statements

The Audited Financial Statements placed before the Corporation's shareholders are included in the Corporation's 2016 annual report and available on SEDAR at www.sedar.com. Copies of such statements will also be available at the Meeting.

Election of the Board of Directors

The articles of amalgamation (the "**Articles**") of the Corporation provide for the board of directors to consist of a minimum of one (1) and a maximum of ten (10) directors. The number of directors to be elected at the Meeting has been fixed by the board of directors at seven (7). All of the proposed nominees are currently directors of the Corporation.

Seven (7) directors are to be elected to the board of directors. Please refer to the "Election of Directors" section of this Management Information Circular.

If you do not specify how you want your Common Shares voted, the persons named as proxyholders will cast the votes represented by proxy at the Meeting FOR the election of each of the nominee directors who are named in this Management Information Circular.

Appointment of Auditors

The board of directors recommends that Ernst & Young LLP be reappointed as auditors of the Corporation. Ernst & Young LLP were first appointed as auditors of the Corporation on June 15, 2006. The auditors appointed at the Meeting will serve until the end of the next Annual Meeting or until their successors are appointed.

If you do not specify how you want your Common Shares voted, the persons named as proxyholders will cast the votes represented by proxy at the Meeting FOR the appointment of Ernst & Young LLP as auditors.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are directors of the Corporation. **A SHAREHOLDER DESIRING TO APPOINT SOME OTHER PERSON TO REPRESENT HIM OR HER AT THE MEETING MAY DO SO** either by inserting such person's name in the blank space provided in the form of proxy or by completing another proper form of proxy and, in either case, depositing the completed proxy at the office of the transfer agent indicated on the enclosed envelope not later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of holding the Meeting, or delivered to the Chair on the day of the Meeting, or any adjournment or postponement thereof.

A proxy given pursuant to this solicitation may be revoked by timely voting again, or by depositing an instrument in writing, including another proxy bearing a later date, executed by the shareholder or by his or her attorney authorized in writing, and deposited either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment or postponement thereof, at which the proxy is to be used, or with the Chair of the Meeting on the day of the Meeting, or any adjournment or postponement thereof, or by transmitting, by telephone or electronic means in compliance with the requirements above and signed with an electronic signature provided that the means of electronic signature permits a reliable determination of the document's creator, or in any other manner permitted by law.

VOTING OF PROXIES

The Common Shares represented by properly executed proxies in the name of the persons designated in the printed portion of the enclosed form of proxy **WILL BE VOTED FOR EACH OF THE MATTERS TO BE VOTED ON BY SHAREHOLDERS AS DESCRIBED IN THIS MANAGEMENT INFORMATION CIRCULAR OR VOTED AGAINST OR WITHHELD IF SO INDICATED ON THE FORM OF PROXY**. The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice, or other matters that may properly come before the Meeting. At the time of printing this Management Information Circular, the management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting.

VOTING OF COMMON SHARES – ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to the holders of Common Shares who do not hold Common Shares in their own names. Such holders, referred to in this Management Information Circular as “**Beneficial Shareholders**”, should note that since all Common Shares are held in the book-based system operated by CDS Clearing and Depository Services Inc. (“**CDS**”), only proxies deposited by CDS, as the sole registered holder of Common Shares, can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a holder by a broker, then those Common Shares will not be registered in the holder's name on the records of the Corporation. All of such Common Shares will be registered under the name of CDS & Co., the registration name for CDS.

The Corporation is sending the Proxy-Related Materials directly to Beneficial Shareholders who have not objected to an intermediary disclosing their beneficial ownership information. The Corporation also does not intend to pay for the cost of intermediaries to deliver the Proxy Related Materials and the form of proxy (or voting instruction form) to Beneficial Shareholders who have objected to an intermediary disclosing their beneficial ownership information. Such objecting Beneficial Shareholders will not receive such materials unless the intermediary assumes the cost of sending these materials to them.

Typically, intermediaries will use service companies to forward the meeting materials to Beneficial Shareholders. Beneficial Shareholders who have not waived the right to receive meeting materials will either:

- (a) be given a voting instruction form which must be completed and signed by the Beneficial Shareholder in accordance with the directions on the voting instruction form, which may in some cases permit the completion of the voting instruction form by telephone or through the Internet; or

- (b) less frequently, be given a proxy which has already been signed by the intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of Common Shares beneficially owned by the Beneficial Shareholder but which is otherwise uncompleted. This form of proxy need not be signed by the Beneficial Shareholder. In this case, the Beneficial Shareholder who wishes to submit a proxy should otherwise properly complete the form of proxy received from the intermediary and deposit it with the Computershare Trust Company of Canada, 100 University Avenue, 11th Floor, Toronto, Ontario, M5J 2Y1 as described above.

The purpose of these procedures is to permit Beneficial Shareholders to direct the voting of the Common Shares they beneficially own. Should a Beneficial Shareholder who receives either a proxy or a voting instruction form wish to attend and vote at the Meeting in person, or have another person attend and vote on behalf of the Beneficial Shareholder, the Beneficial Shareholder should strike out the names of the persons named in the proxy and insert the Beneficial Shareholder's or such other person's name in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions on the form. In either case, Beneficial Shareholders should carefully follow the instructions of their intermediaries and their service companies.

If you are a Beneficial Shareholder and wish to vote in person at the meeting, please review the voting instructions provided to you or contact your broker or agent well in advance of the meeting to determine how you can do so.

Voting Requirements

All matters to be brought before the Meeting require, for the passing of same, a simple majority of votes cast at the Meeting by holders of the Common Shares by proxy or in person. The transfer agent counts and tabulates the votes.

Voting Common Shares and Quorum

As at March 24, 2017, the Corporation had issued and outstanding 59,967,429 Common Shares, 2,887,147 Class A Preference Shares, Series 1 (the "**Series 1 Preference Shares**") and 1,112,853 Class A Preference Shares, Series 2 (the "**Series 2 Preference Shares**"). Only holders of the Common Shares will be entitled to vote at the Meeting. The Corporation will make a list of all persons who are registered holders of Common Shares as of the close of business on the record date of March 17, 2017 and the number of Common Shares registered in the name of each person on that date. Each shareholder is entitled to one vote for each Common Share registered in his or her name.

Pursuant to the Corporation's by-laws, a quorum is present at the Meeting if the holders of not less than 10% of the shares entitled to vote at the meeting are present in person or represented by proxy, irrespective of the number of persons actually present at the meeting.

MAJORITY VOTING POLICY

The board of directors has adopted a majority voting policy relating to the election of directors. Pursuant to this policy, any nominee for director of the Corporation who, in an uncontested election, receives a greater number of votes withheld than number of votes in favour will promptly submit his or her resignation to the board for consideration following the meeting. Such proposed resignations will be considered by directors other than the individual who submitted a resignation. The board of directors will accept the resignation absent exceptional circumstances. The Corporation will issue a press release within 90 days following the date of the meeting disclosing if the directors accepted or rejected any such resignation. If the proposed resignation was rejected, the reasons therefor will also be included in the press release.

MECHANISMS OF BOARD RENEWAL AND REPRESENTATION OF WOMEN ON THE BOARD AND IN EXECUTIVE OFFICER APPOINTMENTS

Director Term Limits and Other Mechanisms of Board Renewal

The board of directors believes that the need to have experienced directors who are familiar with the business of the Corporation must be balanced with the need for fresh perspectives and a healthy skepticism when assessing management and its recommendations. The board has not adopted director term limits or other mechanisms of board renewal because the Corporation has found that having long standing directors on its board does not negatively impact board effectiveness, and instead contributes to boardroom dynamics such that the Corporation has for many years had a consistently high performing board.

In addition, the board believes that term limits have the disadvantage of losing the contribution of directors who have been able to develop, over a period of time, increasing insight into the Corporation and its operations and thereby provide an increasing contribution to the board as a whole.

Policies Regarding the Representation of Women on the Board

The Corporation has not adopted a written policy relating to the identification and nomination of women directors to the Corporation's board of directors but rather has an informal, unwritten policy. The Corporation believes that this approach is appropriate for its circumstances and a formal written policy is not necessary to achieve positive outcomes in board and senior management gender diversity.

Consideration of the Representation of Women in the Director Identification and Selection Process

In identifying and nominating candidates for election or re-election to the board of directors, the board considers the level of representation of women on the board.

In considering the level of representation of women on the board, the board takes into account the following factors:

- the competencies, skills and other diverse qualities the existing directors possess;
- the competencies, skills and personal and other diverse qualities required for new directors in order to add value to the Corporation in light of opportunities and risks facing the Corporation; and
- the size of the board, with a view to facilitating effective decision-making.

Selection of female candidates to the board will be, in part, dependent upon the pool of female candidates with the necessary skills, knowledge and experience. The ultimate decision will be based on merit and the contribution the chosen candidate will bring to the board.

Consideration of the Representation of Women in Executive Officer Appointments

In appointing executive officers to the management team, the Corporation considers the level of representation of women in executive officer positions.

In considering the level of representation of women in executive officer positions, the Corporation takes into account the following factors:

- the competencies and skills the executive team, as a whole, should possess; and
- the competencies, skills and personal and other diverse qualities required for new executive officers in order to add value to the Corporation in light of opportunities and risks facing the Corporation.

Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Corporation has not adopted a target regarding women on the Corporation's board of directors. The Corporation does not believe that any director nominee should be chosen nor excluded solely or largely because of gender. In selecting a director nominee, the board focuses on skills, expertise and background that would complement the existing board.

The Corporation has not adopted a target regarding women in executive officer positions. The Corporation does not believe that any candidate for an executive officer position should be chosen nor excluded solely or largely because of gender. In selecting a candidate, the Corporation considers the skills, expertise and background that would complement the existing management team.

Number of Women on the Board and in Executive Officer Positions

As of the date of this Management Information Circular there is one woman on the Corporation's board of directors, representing 14.3% of the directors. As of the date of this Management Information Circular two of First National's executive officers are women representing 22.2% of First National's executive officers.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

To the knowledge of the directors and officers of the Corporation, the only persons that beneficially own, or control or direct, directly or indirectly, Common Shares carrying more than 10% of the voting rights exercisable at the Meeting are Stephen Smith, Director, President and Chief Executive Officer of the Corporation and Moray Tawse, Director, Executive Vice President and Secretary of the Corporation. Stephen Smith beneficially holds, directly or indirectly, 23,038,975 Common Shares representing approximately 38.4% of the outstanding Common Shares (on a fully diluted basis). Moray Tawse beneficially holds, directly or indirectly, 21,038,975 Common Shares representing approximately 35.1% of the outstanding Common Shares (on a fully diluted basis), 230,250 Series 1 Preference Shares, representing approximately 8% of the Series 1 Preference Shares, and 4,200 Series 2 Preference Shares, representing approximately 0.4% of the Series 2 Preference Shares.

Other than the shares which are held indirectly by Stephen Smith and Moray Tawse, the directors and senior executives of First National beneficially own, directly or indirectly, or exercise control or direction over an aggregate of 96,773 Common Shares, representing approximately 0.0016% of the outstanding Common Shares (on a fully diluted basis) and 241,600 Series 1 Preference Shares, representing approximately 0.08% of the outstanding Series 1 Preference Shares.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Objectives of Compensation Program

First National's compensation program is designed to retain and motivate highly qualified executive officers. First National's compensation program is designed to reward performance that furthers the stated goals of First National.

Elements of Compensation Program

As discussed in further detail below, First National's compensation program consists of base salary and a discretionary bonus based on the overall financial performance of First National and the individual's own performance.

Base Salary

The primary element of First National's compensation program is base salary. First National's view is that a competitive base salary is a necessary element for retaining qualified executive officers. The amount payable to a NEO (as defined below) as base salary is determined primarily by the number of years of experience of the NEO, as well as comparisons to the base salaries offered by comparable companies in the financial services industry. The base salary for each NEO is set at the end of each fiscal year for the next fiscal year.

Base salaries for Stephen Smith and Moray Tawse were set under the terms of employment contracts entered into at the time of the initial public offering of the Units of the Fund and adjusted by the board of directors of First National, and are further described under the heading "Management Arrangements" below.

Bonus

A secondary element of First National's compensation program is performance bonuses. First National's view is that the performance bonus is an effective means of rewarding executive officers who contribute in a meaningful way to First National, and is determined based on the executive officer's performance and the overall financial performance of First National. All bonuses are approved by the board of directors of the Corporation.

Comparator Group

First National's compensation program is developed with a view to providing competitive compensation that is in keeping with that offered by comparable companies in the financial services industry. The comparator group is comprised of the following companies: Home Trust Company and Equitable Bank. The companies in the comparator group were chosen because they participate in the same industry as First National, and are

similar in size to First National. First National reviewed overall compensation offered by the comparator group, comprised of salary and bonus figures for the 2014 fiscal year.

Performance Goals

The bonus payable to a NEO is based on the achievement of the goals set out in the NEOs annual financial plan for the NEOs department within First National, and the role the NEO played in achieving such goals. In addition, the bonus payable to a NEO will be adjusted up or down based on the overall performance of First National.

Total compensation of NEOs is determined by Stephen Smith and Moray Tawse, and is approved by the board of directors of First National.

(1) The Corporation’s Non-Equity Incentive Plan consists of cash payments based on performance.

(2) These amounts relate to the Corporation’s deferred profit sharing plan.

(3) The total compensation paid to each of Mr. Smith and Mr. Tawse reflects the aggregate amount paid to each in consideration of all executive officer and director activities for the Corporation and its affiliates.

Narrative

As described under the heading “Compensation Discussion and Analysis”, compensation of NEOs other than Stephen Smith and Moray Tawse, is based on a combination of salary and bonus. Both salary and bonus are determined based on the performance of the individual, the individual’s department and First National as a whole. Salary is established for the upcoming year based on the prior year’s performance, while bonus is determined at the end of the fiscal year based on that year’s performance.

The President and Executive Vice-President are compensated in accordance with the employment contracts entered into with First National on the date of the initial public offering of the Units of the Fund, as adjusted by the board of directors of First National, and further described under the heading “Management Arrangements” below. The compensation paid under these contracts has been adjusted, and may be subject to further adjustment, by the board of directors of First National. No material adjustments have been made since the date of the initial public offering of the Units of the Fund.

Each of the Senior Vice President, Commercial Mortgages, Chief Financial Officer and Managing Director, Capital Markets met or was close to meeting the financial plans set for their performances in 2016. When the individual and company wide performances were taken together, it was determined that each of these NEOs was eligible for a bonus as indicated in the compensation table above.

Management Arrangements

At the date of the initial public offering of the Units of the Fund on June 15, 2006, First National entered into employment agreements with Stephen Smith and Moray Tawse, which contain customary confidentiality, non-solicitation and non-competition covenants that extend post-expiry or termination of employment. In each case, the confidentiality covenants extend indefinitely, while the non-solicitation and non-competition covenants will extend for a period of two years post-expiry or termination. If terminated for other than cause, each is entitled to 24 months prior written notice or payment of an amount equal to 24 months salary at the rate in effect at the time of his termination. Based on salaries paid in 2016, a payment of 24 months salary would amount to \$1,500,000 for each of Stephen Smith and Moray Tawse. Mr. Smith and Mr. Tawse are the only NEOs with termination payments included in their employment contracts.

Report on Executive Compensation

The board of directors of the Corporation is responsible for, among other things, making recommendations concerning the compensation of senior executive officers of First National Financial GP Corporation and the remuneration of the board of directors of First National Financial GP Corporation.

The total compensation structure for senior management (other than Stephen Smith and Moray Tawse) is comprised of an annual base amount and non-equity incentive plan compensation based on performance. Performance is based on achievement of corporate and individual objectives. For Stephen Smith and Moray Tawse, the board of directors has determined that given their ownership interests in the Corporation, non-equity incentive plan compensation is unnecessary as their interests are aligned with shareholder value. There have been no identified risks associated with the Corporation’s compensation policies that could have adverse consequences on the Corporation, particularly as a result of compensation of senior management not being comprised of any share-based or option-based awards. All risks that may be identified as part of a review of the Corporation’s compensation policies are considered on a regular and ongoing basis by the board of directors.

There are no restrictions on NEOs or directors regarding the purchase of financial instruments that are designed to hedge or offset a decrease in market value of the Corporation’s securities other than a prohibition from taking short positions in the Corporation’s securities in an amount that would result in a net short position at any time. To the knowledge of the Corporation, for the financial year ended December 31, 2016, no NEO or director, directly or indirectly, employed a strategy to hedge or offset a decrease in market value of the Corporation’s securities.

Compensation of Directors

Compensation for independent directors of First National Financial GP Corporation is \$30,000 per director per year for attending meetings of its board of directors. The lead independent director receives \$10,000.00 per year. The chair of the Audit Committee receives an additional \$20,000 per year, and the chair of the Governance Committee receives an additional \$10,000 per year. In addition, each director receives \$1,500 for each board meeting, \$1,500 for each committee meeting, and \$500 for each telephone meeting the Director attends.

In respect of the year ended December 31, 2016, independent directors received total fees of \$256,000.00, as set forth in the table below:

Name	Board and Director Retainer	Committee Chair Retainers	Lead Independent Director Fee	Director and Board Meeting Fees	Committee and Telephone Meeting Fees	Total
JOHN BROUGH	\$30,000.00	\$20,000.00	\$10,000.00	\$6,000.00	\$6,000.00	\$72,000.00
PETER COPESTAKE	\$30,000.00	\$10,000.00		\$6,000.00	\$12,000.00	\$58,000.00
DUNCAN JACKMAN	\$30,000.00			\$6,000.00	\$6,000.00	\$42,000.00 Plus an additional \$1,500 for a missed payment in 2015 For a total of \$43,500
ROBERT MITCHELL	\$30,000.00			\$4,500.00	\$6,000.00	\$40,500.00
BARBARA PALK	\$30,000.00			\$6,000.00	\$6,000.00	\$42,000.00
Total	\$150,000.00	\$30,000.00	\$10,000.00	\$28,500.00	\$36,000.00	\$256,000.00

The independent directors do not receive any compensation other than retainers and fees set out in the table above.

First National Financial GP Corporation also reimburses directors for out-of-pocket expenses for attending meetings. No additional compensation is paid to directors for also serving as directors of the Corporation, except for attending separately held meetings. For the period ended December 31, 2016, the directors of the Corporation did not receive any additional compensation for acting as a director of the Corporation.

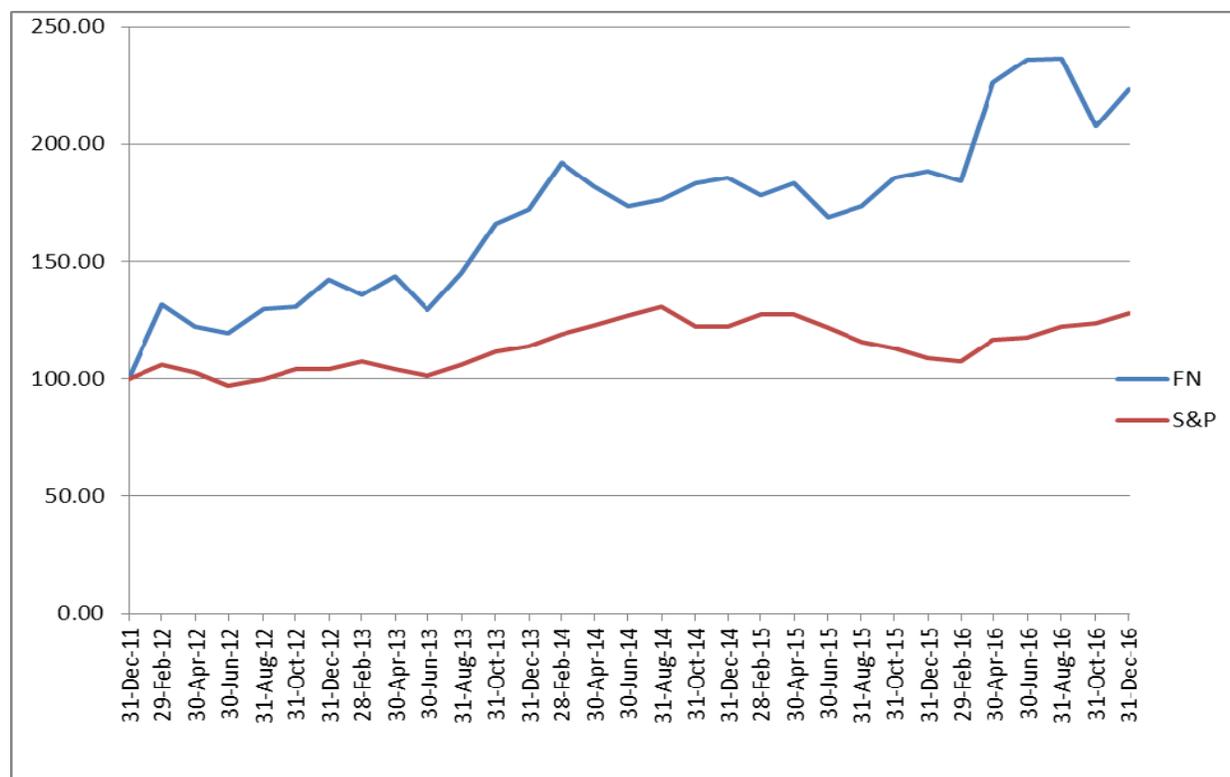

The Corporation maintains directors' and officers' liability insurance for the benefit of all directors and officers of the Corporation. In addition, the Corporation has entered into indemnification agreements with the Corporation's directors and officers. The indemnification agreements generally require that the Corporation indemnify and hold the indemnitees harmless to the greatest extent permitted by law for liabilities arising out of the indemnitees' service to the Corporation as directors and officers, if the indemnitees acted honestly and in good faith and in a manner the indemnitee reasonably believed to be in the Corporation's best interests and, with respect to criminal and administrative actions or proceedings that are enforced by monetary penalty, if the indemnitees had reasonable grounds to believe that his or her conduct was lawful. The indemnification agreements will also provide for the advancement of defence expenses to the indemnitees by the Corporation.

SHARE PERFORMANCE AND COST OF MANAGEMENT

Share Performance

The following graph compares the total cumulative return to shareholders (and unitholders while the business was operated by the Fund) for \$100 invested in Common Shares of the Corporation, with the total cumulative return of the S&P/TSX Composite Index for the period from December 31, 2011 to December 31, 2016, assuming a \$100 investment on December 31, 2011 and reinvestment of distributions and dividends during the period:

2016 Total Return: FN vs. S&P/TSX

Cost of Management

Cost of Management is a measure used to show how corporate performance compares to compensation awarded to the Named Executive Officers. The Corporation calculates the ratio by dividing total compensation awarded to the Named Executive Officers by Pre-FMV EBITDA for each of the last four years:

- total compensation includes salary and all other compensation as reported in the summary compensation table

- Pre-FMV EBITDA is earnings before income taxes, depreciation and amortization, and losses and gains on financial instruments as reported in the Management’s Discussion and Analysis of the Corporation for each of the last four fiscal years. This non-IFRS measure adjusts income before income taxes by adding back expenses for amortization of intangible and capital assets but it also eliminates the impact of changes in fair value by adding back losses on the valuation of financial instruments and deducting gains on the valuation of financial instruments.

	Total compensation awarded to NEOs (\$ thousands)	Pre-FMV EBITDA (\$ thousands)	Cost of Management
2016	3,401.6	253,539	1.34%
2015	3,314.3	209,933	1.58%
2014	3,217.6	183,130	1.76%
2013	3,123.1	197,582	1.58%
2012	3,007.9	153,199	1.96%

Over the past five years the total compensation awarded to the Corporation’s Named Executive Office has increased in general alignment with the increased shareholder returns over the same period.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

To the knowledge of the Corporation, no director, executive officer or employee, and no former trustee, director, executive officer or employee of the Corporation or any of its subsidiaries is currently or was at any time during the financial period ended December 31, 2016, indebted to the Corporation or to any of its subsidiaries and no indebtedness of such persons has been the subject of a guarantee, support agreement, letter of credit or other similar agreement provided by the Corporation or any of its subsidiaries or affiliates.
